EUROPEAN CNC-NETWORK - PENNY PRESS MACHINE FOR EUROPE

Meeting Description	Fourth Project Meeting in St. Pölten (Austria)
Meeting hosted by	HTL St. Pölten
Minute written by	Spain

Date / Place / Time	Activities / Results / Points of importance
<p>WORKING AND COMPANY DAY</p> <p>Wednesday March 30th 2022</p> <p>08:30</p> <p>09:00 – 11:15</p> <p>11:15</p> <p>11:45 – 16:30</p> <p>16:30 – 18:30</p> <p>18:30</p>	<p>Good Morning Flashlight (Plenum) The day in school started with a short review and outlook on today´s worklines and workgroups and the afternoon, when we would do a company visit</p> <p>Including a coffee break we all went into the different work groups and went on with the technical work (Workline A) and the supporting tasks (Workline B)</p> <p>Lunch break at school cantine</p> <p>With the bus we went to a city called Amstetten and had an interesting company tour at the “DOKA”-company. This company is producing large scale formwork for constructing houses, buildings, bridges and even towers. As a lot of different technologies such as engineering, metal works, electronics and logistics are needed in this business, it was very interesting!</p> <p>At a typical Austrian “Heuriger” we had a snack and some drinks. This “Heuriger” was more like a farm in the country and produced its own food and drinks that were offered as our dinner. Very delicious!</p> <p>Bus transfer back home to hotel</p>
