Heinz and Elina then told us some interesting facts about the houses and the church. Then we went to the fountain which had a lot of historical people from Bad Kreuznach. After that we went over the bridge. We looked at the cannonball from the swedes and pursued to walk to some houses where the highest stand of the river was marked. After some more historical information we walked up a hill and enjoyed the view. After a while we went down to the Hotel, in which the Germans and the French made peace. Finally we walked to the School...</p> <p><b>Let's start working</b>            In the beginning we discussed about what we want to do in this week. After that it was already time for lunch which we had in Osakii (an Asian all you can eat restaurant). After lunch we all made our mind up and split in to groups and worked until 19:00.</p> <p>In the evening, we all went back to the hotel and some of us then met again for a small dinner and a drink in the city center.</p>
