Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
<p>First of all, we greeted the new students in our workgroup. After that we explained them our task and what we have to do in our group.</p> <p>In the next steps we talked about our homework that we had to do from Luxembourg. The homework was to talk with other groups and to find the right dimensions.</p> <p>After that we talked with the group “Lower Part” about the size and what material we want to use in our prototype and in our finished version. We also made a few sketches with the dimensions.</p>	/
