Further workgroup members	[AT] Paul Mayr
	[LU] Blom Pit
	[ES] Eric Santiago
	[DE] Maximillian Thiel
Minute written by	[AT] Paul Mayr

Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
<p>Today we had our second workingday in the workgroups. We talked with the “Lower Part”, “Design” and “Ergonomics” -groups about the size and what material we want to use. We came to the conclusion, that the high of the whole machine is 1200mm and our “Upper Part” is about 600mm high. The floor space is 550mm*550mm. We use glass as material and a special film so that the glass does not break, and it is also relatively cheap. At the corner points we will glue the glass panes together with a special glass glue.</p>	/
