Minute written by	[AT] Paul Mayr

Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
<p>First of all, we greeted the new students in our workgroup. After that we explained them our task and what we have to do in our group.</p> <p>In the next steps we reviewed our done homework and spoke about it. As homework we did a calculation and a whole 3D-modell of our gear.</p> <p>We get the task to represent our progress on the following day, that's why we create a presentation on PowerPoint.</p>	/
