<p>15:30 - 16:30 Work line C-Media</p> <p>We started with the presentation for the plenum session and have more details.</p> <p>Then the time was to think about what we can do for the next step and what we did in this meeting. New ideas were how we can show better and clear for everyone who is interested about our project simple way.</p> <p>Our conclusion was at the end: Every school they can share information how they want and in what way that is possible at their school. The reason to come to this point is because all the schools have the different systems and rules for, they're schools. Our point was how we can give the information for our school by any way we can.</p> <p>At the end of the day we prepared our final presentation for Thursday</p> <p>:https://cdn.discordapp.com/attachments/669919655170932786/705408443514617926/Project_corner_Spanien_2.pptx (this is the link for our presentation)</p>
