--------------------------	----------------------------------

Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
<p>We talked about:</p> <p>How should it be powered? Should we use some electricity? Where the electricity should come from? How much space we have for the gear? Which units we will buy and which parts we are going to produce by ourselves? Where we can produce our parts? (which schools) Maintenance? Would it be cheaper if we produce the gears by ourselves with a watercutter?</p> <p>We thought about the division of labor in our group.</p>
