<b>Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance</b>	<b>Responsible school(s) or person(s) incl. deadlines</b>
<p>10:00 – 12:00 Work Line B - Separation</p> <p>We were 4 people in our group, and we discussed about a lot of different things about of our project that aid more about the Separation.</p> <p>We have discussed:</p> <ul style="list-style-type: none"> <li>How the penny presses will work?</li> <li>-Manual</li> <li>-Computer program/cnc control program</li> <li>-When the coin will come down</li> <li>-We discussed about the logo like what if we have in the one side that show about penny press group logo and in the 2<sup>nd</sup> side the six (6) school member of our project groups logo for each?</li> <li>-Will we press the logo at in the same time or in the different time?</li> <li>-And we all have agreed for the computer to control the machine.</li> </ul> <p>When you want to see the pressing from the outside it can be easier for everyone who want to find out more about the whole process for the pressing if we have a camera pointed at the pressing and a screen to view the details. (Penny press)</p> <p>We think also we are in the modern time, so it can be more interest for all, if we change a little bit from the old system of penny press making.</p>
