Description of work progress: Topics / Tasks / Results / Decisions / Facts of importance	Responsible school(s) or person(s) incl. deadlines
<p>We just elaborated our first intentions in the video group.</p> <p>Every country should choose at least one responsible person for uploading.</p> <p>Every student should try to film themselves when they do something interesting for the project.</p> <p>The responsible person does a rough cut on the videos and merges them into one, so the final cutter won't have to look through unnecessary hours of video material.</p> <p>Patrick Schmid volunteered to do the final cutting of the video.</p>	<p>Responsible person will be chosen by every country by the next meeting</p> <p>so, there are going to be six responsible persons and Patrick Schmid the final cutter.</p>
